### Home Learning

**Reading:** Your child will be coming home with their first reading book as we begin our Phonics. We ask that the children read their book at least four times each week at home so they can learn what they have been taught in class. Books are changed each Tuesday and Friday if your child has read at home. Please record any comments in their Reading Record. Your child will also be coming home with a 'Love of Reading' book that you can share together. Please make sure both of these books are in your child's book bag every day.

You can also talk to your child about:

- What they can see on each page
- make predictions
- Discuss what the book is about
